Consultation Services for Physical Energy Storage Contracts
for Liquefied Natural Gas Storage Capacity

PART I INTRODUCTION

A. Purpose and Background

The Executive Department, Office of the Public Advocate (“Department”) is seeking proposals for expert consulting services to assist in evaluating proposals submitted to the Maine PUC for Physical Energy Storage Contracts (PESCs) for Liquefied Natural Gas Storage Capacity (LNG Storage Capacity). LNG Storage Capacity is storage capacity for LNG installed in Maine on or after January 1, 2016 that will benefit the State’s energy consumers during times of regional supply constraints due to capacity limitations of interstate or intrastate pipelines or local distribution systems.

The Maine Legislature recently enacted “An Act to Allow the Public Utilities Commission to Contract for liquefied Natural Gas Storage and Distribution,” (the Act), P.L. 2015, ch. 445. Under the Act, the Maine PUC has been authorized to execute a PESC or direct one or more transmission and distribution utilities or natural gas utilities to execute a PESC, provided the Maine PUC has made certain prerequisite findings. The Maine PUC issued a “Request for Proposals for Physical Energy Storage Contracts for liquefied Natural Gas Storage Capacity” on September 14, 2016, which may be found in Docket 2016-00220.¹

The Public Advocate requires expert consulting services to assist in: (1) reviewing proposals for PESCs for LNG Storage Capacity and in determining whether to recommend that the Commission execute or order a utility to execute one or more PESCs; (2) submitting argument and testimony to the Maine PUC concerning PESC proposals. More specifically, the Department is looking for a consultant who can provide assistance in determining the engineering and financial viability of PESC proposals.

This RFP document provides instructions for submitting proposals, the procedure and criteria by which the Provider(s) will be selected, and the contractual terms which will govern the relationship between the State of Maine (“State”) and the awarded Bidder(s).

The Bidder's proposal must follow the outline used below, including the numbering and section and sub-section headings as they appear here. Failure to use the outline specified in this section, or to respond to all questions and instructions throughout this document, may result in the proposal being disqualified as non-responsive or receiving a reduced score. The Department, and its evaluation team for this RFP, has sole discretion to determine whether a variance from the RFP specifications should result in either disqualification or reduction in scoring of a proposal. Rephrasing of the content provided in this RFP will, at best, be considered minimally responsive. 6. Bidders should complete and submit the "Proposal Cover Page" provided in **Appendix A** of this RFP and provide it with the Bidder's proposal. The cover page must be the first page of the proposal package. It is important that the cover page show the specific information requested, including Bidder address(es) and other details listed. Only costs to be incurred after the contract effective date that are specifically related to the implementation or operation of contracted services may be included.

PART V PROPOSAL EVALUATION AND SELECTION

Evaluation of the submitted proposals shall be accomplished as follows:

A. Evaluation Process - General Information

1. An evaluation team, comprised of qualified reviewers, will judge the merits of the proposals received in accordance with the criteria defined in the RFP, and in accordance with the most advantageous financial and economic impact considerations (where applicable) for the State.
2. Officials responsible for making decisions on the selection of a contractor shall ensure that the selection process accords equal opportunity and appropriate consideration to all who are capable of meeting the specifications. The goals of the evaluation process are to ensure fairness and objectivity in review of the proposals and to ensure that the contract is awarded to the Bidder whose proposal provides the best value to the State of Maine.
3. The Department reserves the right to communicate and/or schedule interviews/presentations with Bidders if needed to obtain clarification of information contained in the proposals received, and the Department may revise the scores assigned in the initial evaluation to reflect those communications and/or interviews/presentations. Interviews/presentations are not required, and changes to proposals will not be permitted during any interview/presentation process. Therefore, Bidders should submit proposals that present their rates and other requested information as clearly and completely as possible.

B. Scoring Weights and Process

1. **Scoring Weights:** The score will be based on a 100 point scale and will measure the degree to which each proposal meets the following criteria.

Section I. Organization Qualifications and Experience (50 points)

Includes all elements addressed above in Part IV, B, Section I.

Section II. Proposed Services (25 points)

Includes all elements addressed above in Part IV, B, Section II.

Section III. Cost Proposal (25 points)

Includes all elements addressed above in Part IV, B, Section III.

2. **Scoring Process:** The review team will use a consensus approach to evaluate and score Sections I & II above. Members of the review team will not score those sections individually but, instead, will arrive at a consensus as to assignment of points for each of those sections. Section III, the Cost Proposal section, will be scored as described below. The contract award(s) will be made to the Bidder(s) receiving the highest number of evaluation points based upon the proposals' satisfaction of the criteria established in the RFP.
3. **Scoring the Cost Proposal:** The total cost proposed for conducting all the functions specified in this RFP will be assigned a score according to a mathematical formula. The lowest bid will be awarded 25 points. Proposals with higher bids values will be awarded proportionately fewer points calculated in comparison with the lowest bid.

The scoring formula is:

$$(\text{Lowest submitted cost proposal} / \text{Cost of proposal being scored}) \times 25 = \text{pro-rated score}$$

No Best and Final Offers: The State of Maine will not seek a best and final offer (BAFO) from any Bidder in this procurement process. All Bidders are expected to provide their best value pricing with the submission of their proposal.

4. **Negotiations:** The Department reserves the right to negotiate with the successful Bidder to finalize a contract at the same rate or cost of service as presented in the selected proposal. Such negotiations may not significantly vary the content, nature or requirements of the proposal or the Department's Request for Proposals to an extent that may affect the price of goods or services requested. The Department reserves the right to terminate contract negotiations with a selected respondent who submits a proposed contract significantly different from the proposal they submitted in response to the advertised RFP. In the event that an acceptable contract cannot be negotiated with the highest ranked Bidder, the Department may withdraw its award and negotiate with the next-highest ranked Bidder, and so on, until an acceptable contract has been finalized. Alternatively, the Department may cancel the RFP, at its sole discretion.

C. Selection and Award

1. The final decision regarding the award of the contract will be made by representatives of the Department subject to approval by the State Procurement Review Committee.
2. Notification of contractor selection or non-selection will be made in writing by the Department.
3. Issuance of this RFP in no way constitutes a commitment by the State of Maine to award a contract, to pay costs incurred in the preparation of a response to this request, or to pay costs incurred in procuring or contracting for services, supplies, physical space, personnel or any other costs incurred by the Bidder.
4. The Department reserves the right to reject any and all proposals or to make multiple awards.

D. Appeal of Contract Awards

Any person aggrieved by the award decision that results from this RFP may appeal the decision to the Director of the Bureau of General Services in the manner prescribed in 5 MRSA § 1825-E and 18-554 Code of Maine Rules, Chapter 120 (found here: <http://www.maine.gov/purchases/policies/120.shtml>). The appeal must be in writing and filed with the Director of the Bureau of General Services, 9 State House Station, Augusta, Maine, 04333-0009 within 15 calendar days of receipt of notification of contract award.

The contract effective date listed in this RFP may need to be adjusted, if necessary, to comply with mandated requirements.
